Brainstorm

Write down any ideas that come to mind

that address your problem statement.

In today's world we have a lot of work and there is no time to cope up everything in the schedule. So, it is not possible to read the newspaper. There are multiple news-sharing anns used by a single user and are often spammed with notifications. There is also a lot of fake news which gets shared. A news-sharing app wants to help users find relevant and important news easily every day and also understand explicitly that the news is not fake but from proper sources. This news tracker application helps the commodities, sports, technology, education etc. The user can register using their personal details and interacts with the application and save

Group ideas Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups. → 20 minutes
